Message from the Mayor

It appears that Spring may finally be here. I hope all have survived the winter.

The Town recently hired a new clerk. Her name is Maria Dalton. She lives with her husband and daughter in Lake Linganore. Maria has a lot of experience in the construction field as well as several others. I think you will find her as kind and helpful as all the girls in the office. Please stop by and say hi when you get a chance.

Streetscape is now well under way. Currently crews are moving utilities and removing trees along Main St. I would like to thank Councilman Rossman for all his hard work overseeing the project for the Town. He has handled issues related to telephone pole placement, salvaging wood from removed trees, negotiated material staging areas and easements.

During the March meeting the Town appropriated \$2,860 for pond clean up on North Alley. The growth that occurs each year is Woffia. It essentially acts as a filter for the contaminants that enter the pond from the streets and yards. However, once it covers the entire pond, it becomes saturated. It no longer can work as a filter. The Town will clean out the Woffia before it covers the pond. This will allow regrowth and continued filtering of the contaminants. As the Woffia filters more and more contaminants it will decrease its rate of growth as the levels of contamination decreases.

The Town considered several options, but this was the least expensive and most natural method for cleaning the pond. Matthew Witmer will be doing the work. He is a student at Hood College studying the environment. He currently is working an internship with Frederick County.

The Town entered an agreement with the owner of the Marley Square Project. This is a live work facility designed to provide retail and other services in walkable distances to all the Town's villages. It will be similar to the Historic District shops. However, we will be encouraging shop owners to live above their shops, much like Main Street. The Town will also require the owner to provide financial incentives for teachers, policemen and firefighters. We want to keep these professionals close to their place of work. Further, the Town restricted the type of residential use of this live-work facility. The residential units cannot be leased. So, unlike Main Street where many buildings are rented out, there will be no apartments allowed in this facility.

Marley Square is currently working with the Town's Architectural Review Committee to ensure that the architecture and materials are compatible with the Historic District and surrounding villages.

Happy Spring,
Winslow

Streetscape

Streetscape work is busy, busy, busy. Washington Gas continues to work on gas lines throughout town. They will be finishing up the gas line work sometime in April. Concrete General is working on storm water management (front of the Fire house). Their contractor will start to remove all trees throughout town this week (March 9) and into next week. *Please be mindful of flaggers and orange cones (no parking zones) in the work zones. Also please be mindful and patient during drop-off and pick-up times at NMES ~ we want to keep our children (and neighbors) safe.*

Please note, orange traffic cones indicate a current work area. Do not park where they are present. SHA reserves the right to tow cars in the workarea . No parking signs will be posted. The Town will make every effort to notify residents in advance whenever possible.

Yard Waste Resumes

Yard waste pick up resumes April 1, 2015, and will continue every Wednesday through November 25, 2015.

Grass, clippings, and leaves must be bagged in paper/recyclable lawn bags (available at area hardware and big box stores) or placed in personal containers no larger than 30 gallons in size labeled 'yard waste.' Sticks and limbs must be bundled. Bundles may not be larger than 3 x 3 feet in size. Sod and/or dirt is not accepted.

Please note collection will be from the curb and must be curbside by 6 am.

Preschool to Open in New Market

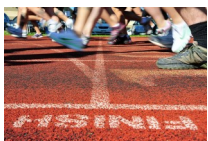

Hope @ New Market Preschool is opening Fall 2015. Registration is now open for morning Pre K, Monday through Friday, 9 am - noon and afternoon 3's class, M/W/F, 12:30 pm - 3:00 pm. Hope @ New Market is a Hope Community Preschool subsidiary. Tours are available starting March 2, 2015. For more information contact Kathy at kathy.petrill@hopemtcarmel.org or call 301-662-1303.

SpiderSmart Summer Workshops - Children Ages 3-13

Stop the Summer Slide or Get Ready for Kindergarten Workshops for Children. Can you believe it's already time to think about what your kids will be doing this summer? SpiderSmart is here to help! Join us for six weeks of learning and fun! July 7 - August 14. Registration: Early bird deadline is May 29. Regular deadline is June 26.

NMES's On the Road Again 5K Run

NMES's annual 5K Run will be held on April 25 at 9:00 am with new race categories such as grade level winners and a stroller race. Also new this year are discounted registration rates for FCPS employees, senior citizens, military, veterans, police and firefighters. There is also a discounted family rate. Funds raised by the race will be used to purchase instructional materials for NMES and plans are to also donate to Cancer Care Center of Frederick in Mt. Airy and the Sidney Kimmel Center at Johns Hopkins.
