7-Jun-23

<sup>1</sup>Impacts are shown cumulatively over the thirty year-term. Impacts include 2% inflation factor.

<sup>2</sup>Represents the estimated increase in total full-time equivalent jobs and income from development. Jobs shown are at full build-out. See Appendices G-1 and G-2.

<sup>3</sup>Temporary jobs reflect total full-time equivalent temporary jobs created through full development buildout. Temporary jobs assume a one-year duration. See Appendices G-3 and G-4.

v\Fiscal Impact Analysis\[East Main Fiscal Impact Analysis (6.7.23).xlsx]V-A  
7-Jun-23

<sup>1</sup>See Schedule I.

<sup>2</sup>Based on requirements outlined in the Town of New Market FY 2023 Budget.

<sup>3</sup>Loan amount assumes thirty years and conventional fixed-rate mortgage loan rate over a ten-year annual average. Based on information reported by Freddie Mac.

<sup>4</sup>Includes principal and interest. Assumes 30 year fixed rate mortgage loan.

<sup>5</sup>Private mortgage insurance is not required with a down payment of 20%.

<sup>6</sup>Represents total residential real property tax obligation, including \$0.12 (Town of New Market), \$1.06 (Frederick County), and \$0.112 (State of Maryland) tax rates.

<sup>7</sup>Based on average homeowners for Maryland as reported by the Insurance Information Institute, Inc., citing 2022 data from the National Association of Insurance Commissioners.

<sup>8</sup>Based on information provided in Federal Housing Administration Debt Ratio's Guidelines.

<sup>9</sup>Monthly mortgage deduction assumes first year's mortgage interest payments. Monthly mortgage deduction does not include PMI payment. Assumes residents of for sale homes take the mortgage deduction rather than the standard state deduction.

<sup>10</sup>Exemptions represent the average persons per household for owner and renter occupied units. See Appendix A.

<sup>11</sup>Represents standard national deduction \$3,200 for 2023 tax year, multiplied by total number of exemptions. Source: Form MW 507: Employee's Maryland Withholding Exemption Certificate.

<sup>12</sup>Frederick County income tax rate is 2.96%. Source: Frederick County FY 2023 Adopted Budget.

<sup>13</sup>Figure assumes full build out and is expressed in current dollars.

<sup>14</sup>Income tax revenues to the Town of New Market are state shared revenue. Source: Based on discussions with the Town of New Market Treasurer, as of October 26, 2021. The Maryland State Comptroller distributes an amount that equals the greater of (a) 17% of Frederick County income tax liability of New Market residents; or (b) 0.37% of the Maryland taxable income of New Market residents. Source: Maryland State Comptroller. **Additional information required from State of Maryland Comptroller to confirm updated rates.**

7-Jun-23

<sup>1</sup>Not all sources of revenues are expected to be impacted.

<sup>2</sup>Based on information provided in Town of New Market FY 2023 Budget.

<sup>3</sup>Method of apportioning revenues: Per resident revenues are calculated by taking current revenues and apportioning them among current resident population. Total service population revenues are calculated by taking current revenues and apportioning them among the current total service population (residents and employees). Per \$1,000 of expenditures revenues are calculated by taking the current revenues and apportioning them among the current total expenses (in units of \$1,000).

<sup>4</sup>Represents current statistics for the Town. See Appendix A.

<sup>5</sup>Represents proposed increase to the Town as a result of new development. See Appendix A.

<sup>6</sup>Represents total increase in revenues as a result of proposed development on an annual basis. Figures assume full build out and are expressed in current dollars.

<sup>7</sup>Assumes one-time licenses and permits revenues will be offset by corresponding one-time expenses. As a result, the line items are not impacted.

<sup>8</sup>Service charges for current services are not impacted as revenues are expected to be offset by expenses. Source: Town of New Market FY 2023 Budget.

<sup>9</sup>Governor's transportation grant is not included in the Maryland FY'23 budget and revenues are not assumed. Source: Town of New Market FY 2023 Budget.

7-Jun-23

<sup>1</sup>Not all expenditures are expected to be impacted.

<sup>2</sup>Based on information provided in Town of New Market FY 2023 Budget.

<sup>3</sup>Method of apportioning expenditures: Per resident expenditures are calculated by taking current expenditures and apportioning them among current Town residents. Per service population expenditures are calculated by taking current expenses and apportioning them among current Town service population. Per \$1,000s of tax revenue expenditures are calculated by taking current expenses and apportioning them among the current Town tax revenues in units of \$1,000. Per road mile expenditures are calculated by taking current expenses and apportioning them among current Town road miles.

<sup>4</sup>Represents current statistics for the Town. See Appendix A.

<sup>5</sup>Represents proposed increase to the Town as a result of new development. See Appendix A.

<sup>6</sup>Represents total increase in expenditures as a result of proposed development on an annual basis. Figures assume full build out and are expressed in current dollars.

<sup>7</sup>The Town does not offer employee benefits. Source: Town of New Market FY 2023 Budget.

<sup>8</sup>The Town has not yet engaged in this activity. Source: Town of New Market FY 2023 Budget.

<sup>9</sup>Social Security & Medicare are a function of total salaries. Estimated Social Security & Medicare is expected to be \$7,413.

<sup>10</sup>The expenditures associated with town planner and zoning administrator/code enforcement officer are offset by the revenues generated by the permit fees collected.

7-Jun-23

<sup>1</sup>Not all expenditures are expected to be impacted.

<sup>2</sup>Based on information provided in Town of New Market FY 2023 Budget.

<sup>3</sup>Method of apportioning expenditures: Per resident expenditures are calculated by taking current expenditures and apportioning them among current Town residents. Per service population expenditures are calculated by taking current expenses and apportioning them among current Town service population. Per \$1,000s of tax revenue expenditures are calculated by taking current expenses and apportioning them among the current Town tax revenues in units of \$1,000. Per road mile expenditures are calculated by taking current expenses and apportioning them among current Town road miles.

<sup>4</sup>Represents current statistics for the Town. See Appendix A.

<sup>5</sup>Represents proposed increase to the Town as a result of new development. See Appendix A.

<sup>6</sup>Represents total increase in expenditures as a result of proposed development on an annual basis. Figures assume full build out and are expressed in current dollars.

7-Jun-23*

<sup>1</sup>Based on information provided by CoStar, as accessed by MuniCap on May 26, 2023.

<sup>2</sup>See Appendix F.

<sup>3</sup>Retail wages, jobs, and output were calculated using IMPLAN software by IMPLAN Group, LLC. The software calculates labor income and the number of jobs based on industry multipliers derived from National Income and Product Accounts data published by the U.S. Bureau of Economic Analysis. This data is then indexed to local industry data compiled by the U.S. Census Bureau. For ease of interpretation, multipliers are shown to illustrate the effects retail development within the East Main development will have in Frederick County. The multiplier for retail jobs is 1.1965, meaning that for each job at the development, 1.1965 jobs will be created in Frederick County, including the job at the development. Similarly, the multiplier for the retail wages is 1.2982, meaning that for every \$1.00 paid in apartment wages at the development, \$1.2982 will be paid in Frederick County, including the \$1.00 at the development. The multiplier for retail output is 1.3670, meaning that for each dollar of apartment economic activity at the development, the economic activity in Frederick County will be \$1.3670, including the \$1.00 at the development.

<sup>4</sup>Total jobs include all full-year employees, including part-time and full-time employees. The full time equivalent factor, provided by IMPLAN Group, LLC converts total jobs into total full-time equivalent employees ("FTEs").

<sup>5</sup>Total labor income includes wages and salary, benefits, payroll taxes, and proprietor's income. The employee income-to-wage factor, provided by IMPLAN Group, LLC converts total labor income into direct wages and salary.

*Analysis (6.7.23).xlsx/G-3 - Resi Construc  
7-Jun-23*

<sup>1</sup>Residential construction costs are estimated to be 100% of assessed value. See Schedule I.

<sup>2</sup>Total jobs include all full-year employees, including part-time and full-time employees. This factor, provided by IMPLAN Group, LLC converts total jobs into total full-time equivalent employees ("FTEs").

<sup>3</sup>See Appendix G-1 to reference the impacts of the multipliers.

<sup>4</sup>Total labor income includes wages and salary, benefits, payroll taxes, and proprietor's income. The employee compensation to wage factor, provided by IMPLAN Group, LLC converts total employee compensation into direct wages and salary.
